

IATEFL- HUNGARY

18TH ANNUAL CONFERENCE

BALATONFÜRED, 3-5 OCTOBER 2008

**” THINKING OUTSIDE THE BOX ”
CURRENT APPROACHES AND FUTURE TRENDS
IN ENGLISH LANGUAGE EDUCATION**

The last three decades in ELT have produced a variety of methods and approaches that have been espoused with various degrees of enthusiasm and success - but how much closer are we to really knowing what makes a successful learner... and a successful teacher? What have we learnt over this period, and how should we approach the future?

CALL FOR PROPOSALS

The organizing committee of the 18th annual IATEFL-Hungary Conference welcome speaker proposal forms for talks and workshops on efficient methodologies and approaches in practice as well as on new developments in materials design, applications of ICT and other innovations in the **field of**

- ❖ the methodology of TEFL and ESP;
- ❖ curriculum, syllabus and materials design;
- ❖ teacher education (pre- and in-service) and professional development;
- ❖ language education related research;
- ❖ intercultural communication, multicultural challenges;
- ❖ information and communication technology

for educators working in pre-school, primary, secondary and tertiary institutions.

Deadline for sending speaker proposal forms: 31 March 2008
